

Tonaquint Collective Commitments: CLIMATE & Culture

Climate

We commit to interactions that are characterized by **high energy, warm and inviting positive relationships, and mutually respectful interactions.**

We commit to keeping students and teachers **physically and emotionally safe** in our school through our words and actions.

Culture

We commit to **collaboration** that utilizes the collective talents and abilities of our staff to make decisions based on what is **best for kids** to ensure that **ALL students learn at high levels.**

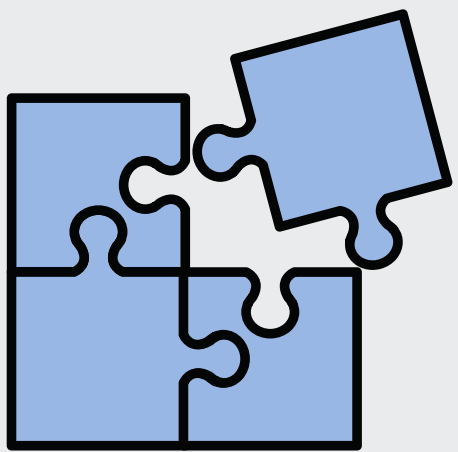

We commit to **valuing diversity** by acknowledging and celebrating our differences.

Tonaquint Collective Commitments: Leadership

We commit to **practicing shared leadership** with teachers, parents and students assisting in decisions that impact our school.

We commit to having **high and clear expectations** for students and teachers that are communicated consistently throughout the school.

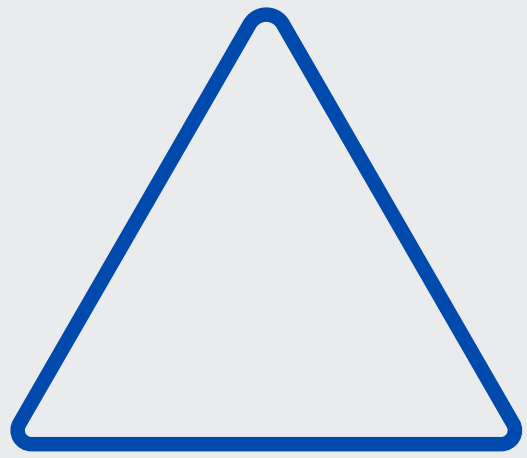

We commit to **valuing all voices** on our staff and eventually moving forward with **decisions that reflect the collective will of the staff.**

We commit to improving our teaching craft through **ongoing professional learning and development** as an essential component of our own continued growth.

TONAQUINT COLLECTIVE COMMITMENTS:

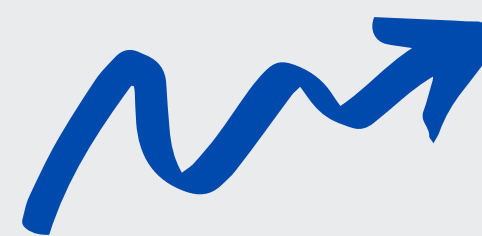

ASSESSMENT & INTERVENTION

We commit to a **tiered approach to intervention** as defined by our school wide system of supports.

Intervention

We commit to providing **extra time and support** for students using **multiple strategies** based on need in a timely manner.

We commit to promoting a **growth mindset** by communicating that intervention time is an opportunity for growth.

Assessment

We commit to providing students with a **variety of assessment types and multiple opportunities** to demonstrate their learning.

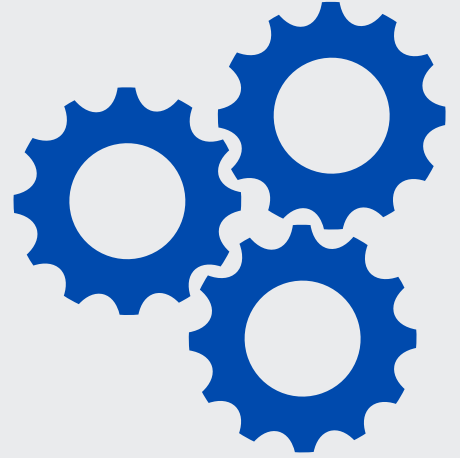

We commit to create and deliver **common formative assessments** that allow teachers to use the results in a **timely manner** to monitor the proficiency of students.

Tonaquint Collective Commitments: Instruction

We commit to **collectively identifying essential standards (GVC)** and gaining shared clarity on each.

We commit to instruction that **challenges** the students who already know it, **teaches** the students who are learning it, and **provides support** for those students who struggle learning a skill or concept.

We commit to instruction that promotes **high levels of learning** that is **engaging, explicit, relevant and cross curricular.**
